RE: Affirmative Action Program

In order to comply with Affirmative Action Regulations which many municipalities have set forth, we are listing below five initial steps that we would like to have your branch institute as company policy immediately.

1. Make it known to all employees that the employment policies and practices of Jones Chemicals, Inc., are to recruit and to hire employees without discrimination because of race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or affectional preference including but not limited to recruitment, hiring, compensation, training and apprenticeship, promotion, upgrading, demotion, downgrading, transfer, lay-off and termination, and all other terms and conditions of employment except as provided by law.

2. Institute the use of non-discriminatory job applications on a nationwide basis. (sample attached)

3. In solitations for help, be sure to notify all local state employment agencies and any agency that deals in the referrals of minority employees. (Keeping copies of job requests on file.)

   We will also state in all job requests that all qualified applicants will receive consideration without regard to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or affectional preference.

4. Determine the percentage of minority work force and women work force in the immediate hiring area and when job openings come up at your branch try to fill with a minority qualified applicant so that minority employees working for Jones Chemicals, Inc., will equal the minority work force percentage in your particular hiring area.

   For instance, if minority employees make up 2 percent of the total available work force in your hiring area, then it is your responsibility to have at least 2 percent of your employees minorities.

5. After you have obtained the necessary percentage of minorities, it will be your responsibilitity to give these individuals every consideration when chances for advancement arise. If the employee qualifies for the position, then he is to be given every consideration when filing the position.

We are enclosing herewith Jones Chemicals, Inc.'s Affirmative Action Program along with our position as to company policy in regard to equal employment.

If you have any questions regarding the above, please advise.

EQUAL EMPLOYMENT OPPORTUNITY

JONES CHEMICALS, INC. is committed to provide equal employment opportunity to all citizens without regard to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or affectional preference except where sex is a bona fide occupational qualification.

Equal Employment Opportunity Policy

The employment policies and practices of Jones Chemicals, Inc., are to recruit and to hire employees without discrimination because of race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or affectional preference including but not limited to recruitment, hiring, compensation, training and apprenticeship, promotion, upgrading, demotion, downgrading, transfer, lay-off and termination, and all other terms and conditions of employment except as provided by law.

JONES CHEMICALS, INC., recognizes that the effective application of a policy of equal employment opportunity involves more than just a policy statement and will, therefore, undertake a program of affirmative action to make known that equal employment opportunities are available on the basis of individual merit, and to encourage all persons to seek employment with the Company and to strive for advancement on this basis.

AFFIRMATIVE ACTION PROGRAM

Communication of Equal Employment Opportunity Policy

The Company will take appropriate steps to insure that internal and external sources are advised of it's policy of non-discrimination and of it's interest in actively and affirmatively providing equal employment opportunity such as:

1. An affirmative E.E.O. policy statement reflecting management's concern and interest in furthering equality of employment opportunity and the desire to increase the frequency by which minorities apply for Company jobs will be prepared by the President and posted on the Company bulletin boards.

2. The Company will inform all recruiting sources of the Company's E.E.O. Policy and Affirmative Action Program.

3. The Company Policy will be made known to minority organizations in each applicable community in which branches are located.

4. The President of the Company will have a discussion of the E.E.O. Progress and Affirmative Action at meetings held at each branch at least once each year.

5. The President will conduct special meetings with supervision at each branch to explain the E.E.O. Policy, and it's Company-wide implementation; and the responsibilities of each supervisor in carrying out the policies. The emphasis will be on results.

Responsibility For Implementation

The ultimate responsibility for the implementation of Jones Chemicals, Inc., Company's Affirmative Action Program lies with the President, Mr. Robert Jones.

Reporting directly to the President is Mr. Vito Pricola, Treasurer, who certifies all statements of Compliance with both E.E.O. and the Affirmative Action Program. Each Branch Manager will be responsible for recruitment and personnel administration and insures the adherence to E.E.O. policies to those areas.

Mr. Pricola is also responsible for utilizing employment personnel assigned to accomplish the following:

a. Maintaining required employment records, statistical data, and analysis of required reports.

b. Submission of E.E.O. reports on an annual basis.

c. Preparation and revision of Affirmative Action Plan.

d. Liaison with Branch Managers in analysis of work force by job catagories to establish hiring goals.

e. Investigation of any reported or suspected discriminatory actions or non-compliance with approved Affirmative Action Plan.

f. Recommendations for action oriented programs to improve E.E.O. status or correct problem areas.
